People worldwide consult this timeless system to understand themselves and improve their relationships. The zodiac signs in order run from Aries to Pisces. By studying each sign, youâ€™ll understand what motivates others and how to seduce them. The zodiac signs are the foundation for using astrology to understand people and resolve conflicts. Each zodiac signâ€™s compatibility depends on the element and modality. You can navigate obstacles by tapping into the strengths of each zodiac sign. Understanding each signâ€™s preferences can also help you avoid common pitfalls. [Table of Contents \[show\]](#)

The first zodiac sign is Aries, the ram. Aries is a cardinal fire sign, meaning it is associated with the element of fire and is the first sign of the spring season. Aries people are headstrong and willful. They are active, athletic, and determined to succeed. As the first sign of the zodiac, they resemble firstborn children in their enthusiasm and eagerness to prove themselves. They love challenges and rush to explore. Aries are adventurous and become bored unless they have a regular adrenaline rush to keep them alert and focused. Their best compatibility is with other fire signs like Leo and Sagittarius and air signs like Gemini, Libra, and Aquarius. They love the thrill of the chase and need to feel like heroes in a relationship. Unveil the mysteries of your birth chart with our free calculator.

The zodiac sign Taurus is a fixed earth sign. Associated with the nurturing, abundant earth element, Taurus people are patient, reliable, and work to make others feel secure. Taurus is ruled by the planet Venus, making those born under this sign creative, romantic, and sensual. They seek pleasure but arenâ€™t afraid to work to achieve success. They have a sense of value and expect respect from others. Taurus people have an eye for quality; donâ€™t cut corners. They can be frugal but will splurge for their favorite luxuries. Taurus people are sensible and patient. They understand good things take time; they can be excellent cooks and gardeners. Taurus compatibility is best with other earth signs like Virgo and Capricorn. They are also attracted to water signs like Cancer, Scorpio, and Pisces.

Gemini is a mutable air sign. The sign of the twins is flexible and adaptive. They are intellectual, witty, and charming. People born during the sign of Gemini have a gift for languages. They can be flighty and indecisive and excel in intellectually stimulating work. Gemini loves traveling and learning

new things. Their best compatibility is with other air signs like Libra and Aquarius. They are also an ideal match for fire signs like Aries, Leo, and Sagittarius. Mercury rules Gemini and is responsible for this sign's reputation as a messenger. Geminis are clever and enjoy socializing and learning about pop culture. Cancer is the sign of the crab. The Moon rules Cancer, which is a cardinal sign like Aries. Unlike Aries, Cancer is a water sign. People born under this sign are nurturing, compassionate, and intuitive. They are the mothers of the zodiac, and they treat others like family. In extreme cases, Cancer may treat others like children and can be patronizing. They are introverted and moody. People born with the sign of Cancer can be shy initially. Their best compatibility is with other water signs like Scorpio, Pisces, or earth signs. They have a sixth sense of people and feel most comfortable at home. This zodiac sign's months are June and July. Cancers love being near the water. They are especially fond of the ocean; like the tides, their emotions are ruled by the Moon.

Leo's zodiac sign meaning relates to being social, outgoing, and popular. People born under this fixed fire sign are generous and make natural leaders. The zodiac sign animal for Leo is the lion, and like their symbol, they are protective and proud. They make their voices heard, and when they are happy, angry, or sad, everyone knows it. They have the most flamboyant of the zodiac sign's personalities because their ruling planet is the Sun. They are confident and inspire others to follow their dreams. Leo is most compatible with other fire signs like Sagittarius and Aries, and air signs like Gemini, Libra, and Aquarius. They are assertive and need a partner who follows their lead. Mid-August to mid-September zodiac sign dates fall under the sign of Virgo. Virgo is a mutable earth sign ruled by Mercury. They are intelligent, analytical, and detail-oriented. Virgo people are health-conscious and love order and cleanliness. They are sensible and avoid drama. Virgo people can be critical because they try to help others improve. They are diligent and cautious. Virgo won't be rushed and take their time. They are intellectual and can be helpful and humble. Their best compatibility is with other earth signs such as Capricorn and Taurus. Virgo also is compatible with water signs like Cancer, Scorpio, and Pisces. Libra is a cardinal air sign with scales as its symbol. People born under Libra are

influenced by the planet Venus. Libra is romantic, idealistic, and imaginative. People born under the sign of Libra are friendly, compassionate, and gentle. They avoid conflict when possible, but will advocate for others if they sense injustice. Libras have artistic skills and are known for their talents in the humanities and fashion. They are naturally beautiful and seek pleasure and comfort. They are intellectual and outgoing. Libras are most compatible with other air signs like Aquarius and Gemini. They are also compatible with fire signs like Aries, Leo, and Sagittarius. Start exploring your birth chart for free today.

Scorpio is one of the most misunderstood zodiac signs. The fixed water sign is ruled by two planets, Pluto and Mars. Scorpions are intelligent, intuitive, and attracted to wealth and power. They are determined and dig deep to find the truth. Scorpio is a sign obsessed with precision and secrets. They are attracted to the occult and other mysterious topics. Scorpio is most compatible with other water signs such as Cancer and Pisces. They are also an ideal match for earth signs like Taurus, Virgo, and Capricorn.

Sagittarius is the sign of the archer. The symbol for this sign is a centaur with a bow and arrow. Sagittarius is a mutable fire sign meaning people born under this sign are passionate, flexible, and adventurous. Sagittarius is one of the most independent of all the zodiac signs. They love to roam free and become frustrated if a love interest is too clingy. They can be sensual and seductive but don't corner them. Sagittarius people love learning about spirituality, culture, law, and philosophy. They search for purpose and meaning. Sagittarius people are most compatible with other fire signs like Aries and Leo. They are also compatible with air signs like Gemini, Libra, and Aquarius. They can be brutally honest and say what they believe. They are generous and prosperous. Sagittarius people are notorious for being gamblers. Fortunately, they are also lucky. Capricorn is a cardinal earth sign ruled by Saturn. People born under this sign are practical, hard-working, and traditional. They are old souls who create a stable foundation for others. Capricorns focus on rules and crave order and control. They look to the past for security. Their symbol is the mythical sea goat and they can be stubborn and determined like the goat. They are mature for their age and often seem older than they are. Capricorn people are low-key and avoid drama. They are sensible and have a knack for timing. They are used to hardship and aren't

deterred by challenges. Capricorn people are self-disciplined and thrive with repetition and consistency. The sign of Aquarius is the most rebellious in the zodiac. Ruled by unpredictable Uranus, Aquarius people are erratic and creative. Theirs is a fixed air sign. They are innovative and excel in science and technology matters. Aquarius is independent yet compassionate about humanitarian issues. They are progressive and love being catalysts for change. Aquarius people are creative and intelligent. They are intuitive and have a gift for sensing trends on the horizon. People born under this sign struggle in intimate relationships. They are aloof, moody, and independent. Yet they have many friends from all walks of life. Their best matches are other air signs like Gemini and Libra. They are also compatible with fire signs Aries, Leo, and Sagittarius. Gain clarity about your cosmic identity with our free birth chart calculator. Pisces, the sign of the fish, is one of the most sensitive in the zodiac. Their planetary ruler is Neptune and they are spiritual, emotional, and empathetic. Theirs is a mutable sign and they are flexible and impressionable. They are mystical and spiritual. Pisces are natural healers who use their intuitive gifts to share compassion and understanding. They have strong imaginations and can be prone to fantasies and escapism. They can also be self-sabotaging and tend martyrdom. Yet Pisces people are also among the most caring and nurturing. They can be introverted and gentle. Pisces are most compatible with other water signs like Cancer and Scorpio. Pisces people are also an ideal match for earth signs like Taurus, Virgo, and Capricorn. They are easily influenced and can be encouraging to others.
